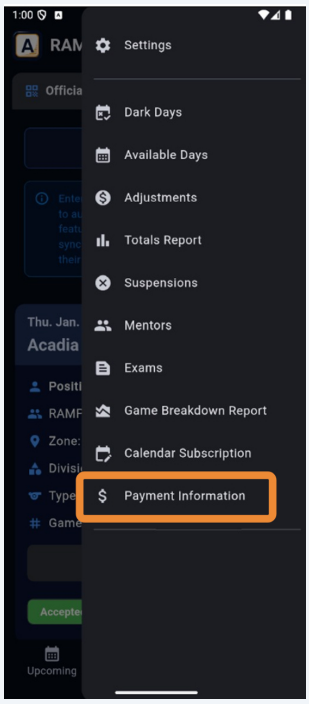
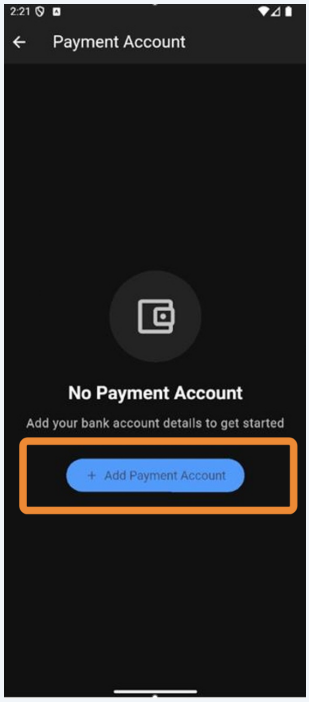
Add Direct Deposit Information to your RAMP Assigning Account Via the RAMP Assigning App

1 To add direct deposit information to your ramp assigning account. Open the ramp assigning app and select the hamburger menu in the top right corner.
Once you have opened the menu, select "Payment information".

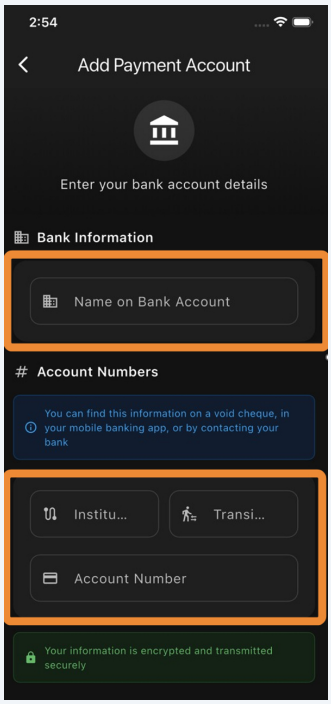


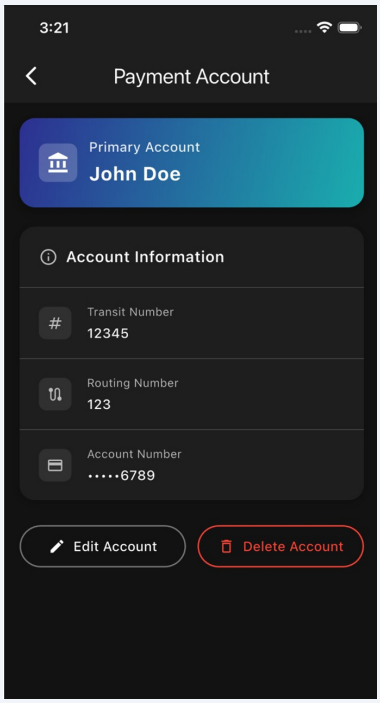
2 You will see the option to add a payment account to your RAMP Assigning profile; hit the "Add Payment Account" option.



3 Enter the Name tied to your bank account as well as your institution number, your transit number, and your account number for direct deposit.

These details can be found in the void check area of your bank account.





4 After adding this information you will see the added account details with options to edit or remove it from your profile. If you need additional support please reach out to support@rampinteractive.com.
